SUMMARY

I am fresh graduate from Diploma III Informatics Management. I interest in analysis process. After I entered the world of IT, I enjoyed analyzing the requirements and making a concepts for the system. I also have good communication skills and can work independently or with team.

EDUCATION BACKGROUND

- (2018-2021) Diploma III Informatics Management at State Polytechnic of Malang
- (2015-2018) State Islamic Senior High School 1, Pasuruan

WORK EXPERIENCE

(2021) Internship at Badan Pusat Statistik Kota Malang

I am joining an internship at Badan Pusat Statistik Kota Malang for a month. During my internship, I became a system analyst and programmer for my IT project.

EXPERIENCE

- **System Analyst and Programmer**
I work as system analyst and programmer in Badan Pusat Statistik Kota Malang's Library Management Information System development. With this position I made a system design concept and implemented it in code after designed by the UI designer.
- **Programmer**
I work as programmer in Private Teacher Attendances Application (Android) development. I made the project with Java language on Android Studio application.
- **UI Designer**
I work as UI Designer in Prototype of Class Booking Application at Information Technology Departments development. I made the design on Figma.

SKILLS

- Programming Languages (Java, PHP, HTML)
- Database Management (MySQL)
- UI/UX Design
